# CHUNGU ZULU

Lusaka Zambia | chunguzulu@gmail.com | +260963916712

## PROFILE

Budding Junior Penetration Tester with experience using Burpsuite, Wireshark, Metasploit, Metasploit Gobuster, Nmap. I have good knowledge of networking protocols and operating systems (UNIX operating systems and Windows) and I am proficient in scripting. I am eager to contribute to team success through diligence and attention to detail.

## CERTIFICATION & TRAININGS

- Certificate of Completion in Penetration Testing and Vulnerability Assessment(Cybergirls)
- Certificate of Completion(Cyblack)
- Computer Fundamentals & Applications
- Offensive Pentesting (Tryhackme)
- Jnr. Penetration Tester (Tryhackme)
- Cyber Defense (Tryhackme)
- Elearn Junior Penetration Tester (INE)

## SKILLS & COMPETENCIES

- Knowledge in penetration testing enterprise networks using standard penetration tools (Metasploit, Nmap, Nessus, Burp Suite, etc.)
- Understanding of threat attacks, exploitation, and data exfiltration
- Able to work with different operating systems (Windows, Kali Linux)
- Proficiency in Word, Excel, PowerPoint
- Experience with utilizing penetration testing methodologies
- Experience with applications, databases, operating systems, and network devices
- Perform information technology security research to remain current on emerging technology trends and develop exploits for disclosed and undisclosed vulnerabilities.
- Deploy ethical hacking to expose weaknesses in your organization
- Gather intelligence by employing reconnaissance, published data, and scanning tools
- Able to code with HTML and CSS
- Good customer relations
- Flexible and Adaptable
- Self-Motivated

## EXPERIENCE

**Junior Web Developer, Homescout24zm**                    **January 2023 - Present**

- Collaborated with the development team to build and maintain web applications, ensuring functionality and responsiveness.
- Designed and implemented front-end features using HTML, CSS, and JavaScript, enhancing user experience and accessibility.
- Worked on back-end integration to optimize data flows and improve application performance.
- Applied secure coding practices to prevent vulnerabilities such as SQL injection and XSS.

- Conducted debugging and troubleshooting to identify and resolve application issues effectively.
- Documented technical specifications and user guides for new and existing features.

**Cyber Security Intern, Cyblack**                                    **January 2023 – April 2023**

- Gather intelligence to make actionable results
- Create reports
- Write spreadsheets
- Analyze results

**Freelancer/Cybersecurity Content Creator/Blog Manager, [www.medium.com/@chuunguzulu](www.medium.com/@chuunguzulu)**
- Sharing about my journey through the website and encouraging readers
- Ensured to post monthly articles educating readers on cybersecurity on a timely basis
- Crowd visit of up to 100 per month

## EDUCATION

Kabulonga Girls Secondary School                                                    2011

## SOFT SKILLS

Excellent written and verbal communication skills. Confident, articulate, and professional speaking abilities. Creative writer, great listener and well organized.

## HOBBIES

Learning on TryHackMe, Reading, Playing Computer Games, Solving Puzzles
